All wood mantels are built from a combination of solid woods and veneers.

Thank you for selecting MantelCraft! We are honored to serve you. We take pride in knowing that a MantelCraft mantel is an important addition to your home.

Over 250 years ago, the Golden age of fireplace mantel design began. At that time, the ability to bring a warming fire into the home was a marvelous luxury. During winter months, the whole family and all of their guests lived in

front of the fireplace. Because the fireplace mantel was so visible and important, lavish care was invested in its design, and only the finest craftsmen were commissioned to build it.

Today, this legacy of artistry endures. Each MantelCraft mantel bears the classic architectural lines that have endured with timeless elegance. Although central heat now warms the home, the fireplace remains its focal point. Today, every dollar invested in upgrading a mantel leads to a dollar fifty increase in home value - the highest rate of return for any home improvement project.

At Mantelcraft, we want you to love the way you live. Let our craftsmen build a custom MantelCraft mantel to your specifications. Select the mantel that reflects your personal style. Choose the size you want, the species of wood you want, and the stain or finish you want. Your choices even include cast stone, marble, and wrought iron.

Gather around the fireplace and enjoy the tradition loved for generations. We are delighted to have our craftsmanship in the focal point of your home.

STONE COLLECTION

Four distinctive mantels with the look and feel of artisan-carved stone. Subtle detailing and graceful lines lend a timeless feel to this collection. A matching hearth completes the old-world feel.

A. THE VANDERBILT

The look and feel of carved stone without the weight. The column let offers Greek styling topped by an arched mantel breast. The panel leg features inset carving.

B. THE VILLANOVA

A smaller carved stone style mantel, for fireplaces where space is a concern. Like the larger Vanderbilt, the lightly distressed casting feels centuries old.

C. THE PALENCIA

Five decorative panels are surrounded by a verde finish wrought-iron frame. Gracefully curved corbels support the shelf atop an arched mantel breast.

D. THE ARCHSTONE

Rough-hewn stone and mortar style mantel for a more rustic, less formal room setting. The keystone arch and hearth highlight this hand-crafted mantel system.
